## News From Your TOWN HALL

An obligation of the City and of the County School Board is brought forth by the attention of its Fathers by the condition of that part of the City north of the Canal and west of the Pahokee road, including the school house.

There are several septic tanks on the school yards which are overflowing with a very unpleasant odor. One that is especially prominent is just outside the cafeteria, where the kids have odors along with their meals.

We expect the Health Board wouldn't just exactly favor the kids running around in the overflow from these septic tanks, either.

There's a mania of lot filling going on to that does not by far accomplish what a proper drainage set-up would do. The water is carried off by pumps, which it is not at the present time, the lakefront lots would disappear.

Somebody between the owners of property, the School Board and, or the City should better make do something about this.

**TAG DAY FOR BAND**  
Our school band for forty-odd pieces wants to go to Tampa to compete in a contest with other high school bands. It takes from five to six hundred dollars to get the band to Tampa. The girls have made about half of this themselves and they think maybe the public would not mind a tag day when you will be asked to kick in. On Saturday, the 26th, they will be around. They have helped themselves, now let's help them, too.

## City Orders Work For New Garage At Water Plant

The die was cast by commissioner action Wednesday night, that work on the long discussed city garage, shed and service building be started, under the supervision of H. E. Ross, who is acting as inspector at the new water treating plant.

The Ross presented detailed plans to the commission, which were found satisfactory and accepted, and cost of same was placed at not more than \$7500, but might not exceed \$8500, independent on free city labor and cost of materials. Materials are mostly on hand for construction and the finances are also procurable.

The plans call for a garage building 50 by 30 feet, and a shelter shed 150 by 20 feet, equipped to care for office, stock and storage rooms, machine shop and car repair floor. The gasolin station and grease rack will be apart from the main building. The main building will face toward the canal with an access levee.

As some of the land is low, considerable filling will be required and this will be done by city equipment and workmen. It is figured the cost of the building can be saved by the least expenditures on auto-repairs and equipment. While the new jail annex is badly needed, it was deemed that the new water works site project was more imperative.

## Mayor Taylor To Be School Board Candidate

The question of who would be a candidate for District No. 4, on the revised district school board, was answered on Monday, when George A. Taylor, now Mayor of Belle Glade, filed his petition with authorities at West Palm Beach. So far, with a week to go, no other candidate from the new district, which comprises Belle Glade, Chokoloskee, Lake Harbor, Plantation and Lake Harbor, has filed in opposition. Other board candidates who have filed, so far without opponents, are: District 1, Curran Salvatore; No. 3, J. C. Engram; No. 5, Ralph Kettler; while George Taylor, District 2, still has time to serve on his election certificate.

## A Birthday Party

Will J. W. Warren entertained the young people at a party honoring her daughter Ruth on her fifteenth birthday on Friday evening at South Bay.

## New Bean Picking Machine To Get Trial Locally

Paul Beechler, a most presentable young man from Niagara Falls, N. Y., has come into the area as representative of the Chisholm-Ryder Corporation of that city, and has brought with him a new type of machine which will be tried out on the Otis Hayes farm, if there are enough beans to give it such a trial.

## Cy Wilson To Join American Fruit Growers

F. W. (Pete) Lins, southern district manager of American Fruit Growers, Inc., has announced that effective April 1, C. J. (Cy) Wilson will be more actively engaged in the company's vegetable sales operations in the Lake region.

## Heavy Rains Do Severe Damage To Local Bean Crop

### Pahokee Sector Escapes Losses On Its Field Products

Thursday last we had a heavy downpour of rain. Friday the heavens let down another deluge, and since then there have been additional downpourings, so that from six to ten inches of rain fell in the aggregate. The storms blasted the hopes for the most promising bean crop the Glades has had for many years, with heavy losses to the growers. Estimates made late Wednesday by county officials place the loss of beans from 60 to 70 per cent, in the section reaching from Cardwell east to the Six Mile Bend, and extending southwestward to Lake Harbor.

Fortune was with the Pahokee and Canal Point growers, who were spared the worst of the heavy rainfall, and as a result they have a good crop. The following table shows the estimated loss of beans in the various sections of the Glades:

Section	Beans	Carrots	Celery	Chickory	Collards	Corn	Endive	Escalote	Lettuce (Lib)	Lettuce (Li)	Mix Veg	Peas	Peppers	Potatoes	Raidishes	Romaine	Turnip Green
North End	55	65	77	84	88	91	94	97	100	100	100	100	100	100	100	100	100

## "Goose" Williams Pitches No Hit- No Run Game

Coach Cooke's Rams made a trip to Clewiston Wednesday afternoon to play a locally arranged practice game with the Clewiston team. Here in short is the story: Rams 10, Clewiston 0. Goose Williams, the Rams' twirler, had the Sugar-town lads in a daze, for he pitched a no-hit, no-run game, and not an opposing player reached first base. The Rams picked up in their hitting and fielding and played top ball.

## E. S. Roberts Is Again Manager At Osceola Camp

A new, but an old employee of the FSA, assumed the management of the Osceola Migrant Camp in Belle Glade, on Monday, for E. S. Roberts has returned from Army service of near four years to assume his former position and relations to the camp. Miles Anderson, who has held the position during Roberts' absence, is still here, awaiting an assignment elsewhere in the government service.

While gone Roberts has been on service in various schools, camps and assignments, in important, official positions, and in minor tasks, a year of service in cold, dreary and lonesome Ireland. He saw service in Camp Weaver in Virginia, then in Kilgore in New Jersey, Camp Campbell in Tennessee, and had an ocean trip from the States to Dublin, Ireland, and then to Iceland. When given honorable discharge it was as First Lieutenant of the U. S. Army.

## Cub Scout Patrol To Be Reorganized

There will be a meeting of parents and boys of the ages of 9, 10 and 11, who are interested in reorganizing the Cub Scout patrol here, Friday night at 8 o'clock at the Methodist church. Bill Nixon, Guilford Council secretary, will be in charge of the meeting and will show moving pictures. Dr. G. Tompkins is urging a good attendance.

## H. O. Earwood Speaks

Government migrant camps was the topic of an interesting talk given by H. O. Earwood at the meeting of the Women's Club Wednesday afternoon. The program was in charge of Mrs. C. A. Thompson, who introduced Mr. Earwood.

## Plans Attending U. of M.

Wallace Lutz, a See-Be boy still in service, had written the authorities at Miami University when he secures a discharge from service that he will enter school as a student. As Wallace was a pretty hot football player here in his school days, he may later be seen practicing around the Miami gridiron as one of Coach Harding's squad.

## Training In Any Subject Pertinent To Agriculture

### Discussions Disclose Possibilities Of Educational Features

The Hon. Colin English and Paul Eddy, head of the department of Veterans' Education under State School Superintendent English, met with Mr. H. L. Speer's Veterans Committee Monday night in an effort to work out an organization for schooling Glades GIs in all agricultural subjects under the G. I. Bill of Rights.

While Mr. Eddy and Mr. English held a set-up conference, a serious discussion was had, in which they discussed the possibilities of a new and all the details must be worked out.

Mr. Eddy has already discussed each set-up with the Washington Veterans Administration and a definite plan is in the making.

Those who are interested in on-the-job training will find blanks and information at the local USDS office in the Saunders Building.

## Fatal Accident At Cardwell On Sunday Afternoon

The first fatal accident of the present season to occur on the Belle Glade-Pahokee road, occurred near the Cardwell bend, Sunday afternoon, when a 1935 Ford, of Okeechobee, met with his death and two other companions were injured, so that they were taken to the hospital at Ft. Pierce. These men were Carlisle Thomas and William Stratton, also of Okeechobee.

Lifitsky's car swerved from the roadway at the curve and plowed into one of the canal retaining Australian pines, causing his death and the serious injury of his companions, as well as damaging the car.

O. D. Taylor, of the Kilgore Seed Company, at Pahokee, came upon the scene first, and assisted the injured.

Lifitsky served 1-1/2 years in the Navy, being given honorable discharge Dec. 1942.

He was one of the heroes of the Iowa Jima and Okinawa campaigns. He is the son of Mr. and Mrs. V. E. Lifitsky, the former chairman of the Okeechobee County Board of Public Instruction. Lifitsky, who was 30, sustained a fractured skull, funeral services were held at Okeechobee Wednesday night, burial at the Fort Drum cemetery.

## Opening New Street In South Bay

A new street in South Bay, the continuation of Boles Avenue, south from the school grounds, is being graded ready to be opened up. It will intersect Road 26 at the south end of the street. Several property owners along the new street are contemplating building homes on their lots as soon as building material is available.

Streets are to be rocked immediately. The town is furnishing the rock to surface the streets while grading is rolling will be done with County Road Department equipment by arrangement with County Commissioner Paul Rardin.

## Object To Dumping Nuisance

Residents out in the Chosen section, both sides of the canal are raising objection to the dumping of packing house refuse, and highway leading to the dump ground. Complaints have been made to the State Board of Health, the county health officer and to local officials, but no action toward stopping the dumping has been as yet effected. As a result, there is a source of smells, flies and contamination growing which will be a decided pest before the summer months are over.

## Cess Pool Trouble At School

With diggings, excavations and high waters around the school, a serious condition exists in the cesspool system, and things are reported very messy and smelly about the school. There seems to be no immediate relief from conditions so long as the present repair work is in progress, although school authorities are working to remedy same.

## Tenement Building Burns

One of the Lamb tenement buildings at the rear of the Everglades is being burned and burned down on Sunday afternoon. The blaze had secured a good start before the fire department was summoned that it was past saving.

## Assigned To East Coast

Earl Dixon, working out at the Gainesville station, who has done much work at the Experimental Station, as a soil expert, is being transferred to Ft. Lauderdale, on assignment on cattle and pasture projects.

## Singer Island Park Issue Badly Defeated

Well, we Everglades people won't be packing our guns and bathing suits to spend an afternoon and evening at the proposed Singer Beach ocean resort, for as a result of the desultory election held Tuesday, there just ain't going to be such a place.

The League will hold its next meeting on the night of April 29, when a Father and Son banquet will be staged, to join in the National Youth Week celebration. A church family night gathering is also planned before the close of the conference year.

Jameson announced that Holy Week would be observed leading up to Easter, with services each night of the week.

## Willie Hudson Parole Rescinded

Willie Hudson, that clever negro robbery expert, who pulled off three store robberies in Belle Glade recently, still waits in the county jail for arraignment in criminal court. However, he has been notified that the parole he received from a ten year sentence, down to three, had been revoked which means he is entitled to 11 feet for his local jobs, means long servitude in the service of the state.

## Red Cross Campaign Under Way Throughout Entire Glades Area

### Call For Forming Local Ball Team For New League

A call has been issued for a gathering of baseball players of the Belle Glade area, at the city hall, on Friday night at eight o'clock, for the purpose of forming a town team to play in a proposed league composed of Belle Glade, Pahokee, Clewiston, Lake Worth, West Palm Beach and possibly Pompano and Hobe Sound.

Such an organization, known as the Lake-Coast League, flourished here before the war, and provided much pleasant summer entertainment and pastime, as well as much good natured rivalry.

Boys already has a lineup of some mighty good ball players, and there is no reason why the town should not support a good team in the proposed league.

## Churchmen Given Lecture Concerning Far Away India

Some thirty men gathered around the tables at the Community Methodist Church Monday night, to partake of the fine supper the church women had prepared for the March session of the Laymen's Association.

John Wilson, who served several years in the Malaya region in India, was the speaker of the evening, and as he admitted, he did considerable traveling because he had much subject matter to cover, yet he provided a most interesting hour of education about India.

In an amusing way he told how the American officers, in particular, were able to show courtesy to get around the extension, as 12 hours service a day was enough for them. As a result the ordinance presented by Solicitor Beck was tabled, and there will be no extension granted.

## Sewing Classes Well Attended

Mrs. H. O. Earwood was hostess at the Okeechobee Camp sewing room to a Home Demonstration Club two day sewing school Tuesday and Wednesday, conducted by Miss Joyce Beyer.

Twelve women brought their sandwiches each day and spent the day renovating furniture, upholstering chairs, making slip covers for chairs, rockers and foot-stools, which women finished one article at least during the period and these finished articles were left in the sewing room for display at the regular meeting at the home of Mrs. Earwood on Thursday.

Present were Mrs. W. T. Elder, president of the Belle Glade club, Mrs. H. O. Earwood, Mrs. Stallings, Mrs. Wm. Guignard, Mrs. Carl Cone, Mrs. Wm. Thomas, Mrs. J. B. Anderson, Mrs. R. S. Donaldson, Mrs. Clara Howington, Mrs. Lutter Jones, and Mrs. R. S. Burr.

## Collection of 1641.10

Collection in the parking meters took a sizeable jump the past week, as Officer Cochran reported a collection of \$1641.10 and fines of \$925. These nickles and pennies make quite a sizeable and weighty pile when dumped into one collection meter. A lot of patience to roll them in packages for bank deposit.

## Early Reports Indicate Quota Will Be Raised Early In The Week

Dr. John Wilson, campaign chairman for the Belle Glade area, reports that supplies have been distributed throughout the area from Cardwell around to the County Line on the west, and that enough reports have been turned in to indicate that the quota of \$5,000 will have been raised by the early part of the week.

"The effort to have the campaign conducted by GIs has been most successful," said Dr. Wilson, "and the public is responding very generously."

Those in charge of the negro quota for the migratory labor camp for negroes expect to be in full swing over the week end and to make a showing comparable to the Civilian Drive, when over 3,000 negroes contributed to the Red Cross.

All packing houses and independent farming units have accepted cards and buttons with the intention of asking all hands to join on the several pack-okee-days.

The Okla-tanla growers as well as all sugar camps in the area, are giving their cane workers an opportunity to join when they are paid this week-end.

## Did Not Want Extension

Last week the city commission, upon application, decided to grant liquor package store operator an added two hours of operation to get around the extension, as 12 hours service a day was enough for them. As a result the ordinance presented by Solicitor Beck was tabled, and there will be no extension granted.

## Observation And Comment

By John M. Gledhill

Our Golden Ram baseball team plays appear mighty nifty in their new uniforms, with caps to match, red and blue stockings in Goose White, and a plating boy from Georgia, and Starling short stop, the team has two outstanding performers. J. T. Stab, Jr. is a plating boy, behind the plate, is doing well.

Loren Williams is a member of the Travel Squad of the Stetson University School of Music which recently completed a successful concert tour of West Coast cities, singing to audiences of 500 to 1,000 in Lakeland, Clearwater, St. Petersburg, and Tampa. This group is composed of forty selected voices and is under the direction of Miss Helen Allinger, professor of voices. Williams is the son of Mr. and Mrs. O. H. Williams.

## ALTAR SOCIETY TO SERVE JUNIOR-SENIOR BANQUET

At the recent meeting of the St. Mary's Altar Society which was held at the home of Mrs. Doris Spooner in Chosen, plans were made to serve the high school Junior-Senior banquet on March 29. During the business session which was presided over by Mrs. Imogene Fontaine, the resignation of Mrs. Vera Jones from the office of recording secretary was reluctantly accepted due to ill health. Mrs. Janet Lantz was elected to fill this office for the unexpired term. Arrangements were made regarding a meeting of the members of the Catholic church for the purpose of discussing plans for the new church to be built in this city.

Delicious refreshments were served at the close of the meeting by Mrs. Spooner who was assisted by Mrs. J. A. Pike.

Others attending were Father Peter Reilly, Mrs. R. A. Cameron, Mrs. John Tabit, Mrs. B. J. Jones, Jr., Mrs. Joe Friedheim, Mrs. S. C. Johnson, Mrs. Carl Lockmiller, Mrs. Rosa Manga, Miss Frances Berry and Miss Louise Friedheim.

## MEMORIAL PLANNED FOR MRS. RIEDEL

A living memorial in honor of the late Mrs. C. E. Riedel is being planned by the Garden Club, of which she was a member. At the meeting Thursday this was unanimously voted upon and tentative plans discussed. Mrs. H. O. Peters presided in the absence of the president. It was reported by Mrs. Ralph Freeman that the drinking fountain which the club helped to pay for, had been installed in the City Park. The roll call was answered by each member naming three vines which grow within a mile area of their home. A very interesting talk was given by Mrs. Herbert Beck on "Shade Loving Plants."

Other members present were Mrs. Herbert Harris, Mrs. Ivan VanHorn, Mrs. C. W. McDonald, Mrs. Milton Giese, Mrs. M. M. Sabiston, and a guest, Mrs. Charles Beck of West Palm Beach.

MRS. J. C. WILLIAMS HONORED WITH DINNER Mrs. R. B. Fisher recently entertained with a surprise dinner complimenting her mother, Mrs. J. C. Williams, Sr., on her birthday. The guests were Mrs. and Mrs. D. B. Mathis and son, Billy, Mrs. Grace Roper, Mr. and Mrs. Bruce Williams and J. C. Williams, Sr.

## BUSINESS WOMEN HEAR DR. WILSON

The Belle Glade Business and Professional Women's Club met at the home of Mrs. Ruth Wedgworth Tuesday night, March 19, with Mrs. Ida Hardy in charge of the program.

Mrs. J. A. Murphy opened the program with piano selections, "Gondolier," by Liszt, and "Promenade," one of her own compositions.

Dr. John Wilson from the Experiment Station was then introduced by Mrs. Hardy, and delivered an address on "Fertile," describing the topography and geography of that country, its conditions and people. He also related in detail, facts concerning the culture of tea, and

ed with an interesting account of his participation in the control of malaria in India. A general open discussion led by Dr. Wilson followed.

Refreshments were served by the hostesses, Mrs. Wedgworth and Inez Greene, while Mrs. Murphy played the piano.

New members attending and welcomed into the club were: Mrs. Freda McNeiff, Mrs. Elma Delancy, Mrs. Frances Hatcher, Mrs. Dorothy Murphy, Miss Mary Alma Murphy and Miss Marie Scott.

Others attending were Mrs. Mary Pope, Mrs. Imogene Fontaine, Mrs. Ruth Peebles, the Misses Jean Rushing, Ruth Langworthy, Daisy Wilder and Alma Murphy.

Mrs. Doris Scruggs attended as a guest.

### MEMBERS OF B. P. W. CLUB ATTEND DINNER

The local Business and Professional Women's Club was represented at a dinner at the Garden restaurant in West Palm Beach Monday evening, by Mrs. Imogene Fontaine, Miss Sara Crech, Miss Mel Scott Brown and Mrs. Nell Seullen. The invitation was extended by the West Palm Beach Club who had as their guest speaker Colonel Harry Johnson who held the office of executive commander at Camp Blanding for several years, and talked on international relations.

Mrs. Fontaine was requested to introduce Miss Crech as a nominee for the office of state second vice president.

### Rainbow Girls To Have High Rank Visitors

Belle Glade Assembly of Rainbow Girls are all lapped up in making arrangements for the coming initiation class to be held the third Thursday of April when they expect to entertain a number of leading Masonic dignitaries from West Palm Beach and Miami. The visitors will be Illustration Brothers Russ Williams and Cecil Kirby of Miami, John C. Wallis of New Castle, Pa., and John Wells of West Palm Beach.

Kirby has taken over the work of forming a new Rainbow Girl club in Miami and desires to witness a complete exemplification of the ritualistic and degree work, so the local girls plan to accommodate them.

Possibly in May, "Dad" Clark, of Cleveland, Ohio, who instituted the assembly here, is coming for a final inspection.

Continued from page 1  
violations it was an almost foregone conclusion that they would be found guilty, and in many instances, rather than contest, defendants entered nolle contendere answers. Last week, however, a break came, when the government lost one of its most important cases, and as this case was a key-pin in many other actions, it will have wide spread repercussions in marketing circles.

Maine potato growers have already shipped 55,000 cars of fall potatoes, and cars will be available for shipping the balance of the crop. Dealers are lusting out back orders, and reluctant to book additional ones. They are naming their own price, \$4 and up.

With most of the other crops being hard hit by recent storms, the potato growers got their headache on Tuesday afternoon and Wednesday, when it was discovered that blight had appeared in many of the fields of the area, and as this kind of weather is favorable for its spread, its extent and ravages are rather unpredictable. Growers began spraying at once in an endeavor to stop the spread of the disease.

Even high land crops have been damaged, and some may be a total loss. Some of the loss is accredited by Harley Watson, cane grower, to being due to high lake levels, which with the added rainfall, would cause disaster in any location, even with more pumping facilities than now exist.

Report is that cane which had been cut and not hauled from the field is in some danger of rotting before it can be transported to the grinding plant.

Some growers saved crops by prompt action; some lost all;

and others have started some replanting where possible, corn being one of the added plantings.

All drainage district pumps are running at capacity load on a 24 hour schedule. Locks and the needle dam at South Bay have been closed to keep from flooding the lower lands dumped off the district.

Prices quoted on commodities here this week are: Beans, \$1.50 to ceiling of \$3.25; cabbage, \$1.50 to \$1.60; celery, \$2 to \$2.25; bleached; green Pascal, \$2.75 to \$3. Operators of the Keesee plant estimated loss at around 50 per cent for the Belle Glade area, on beans.

## How would you CHART YOUR COURSE?

Pictured here are the records of four "life lines" of our business—four things which largely control the destiny of any business, whether it be a farm, a factory or a store. They are Wages, Materials Costs, Prices, and Profits. Suppose these were pictures of what is going on in your own affairs. How would you chart your future course from these facts?

### What about wages?

Wages have risen steadily for five years. Before the strike which began on January 21 in ten of our plants and which has changed production, earnings of employees of these plants averaged \$1.15 an hour, not including any overtime. The Union demanded a 25 cent per hour increase and a Government board has now recommended a general increase of 15 cents an hour, which would make average earnings \$1.30 an hour. Weekly average would be \$53.40.

### What about materials?

No one seems to know how high materials costs will go. The Government has increased steel prices as much as \$12.00 a ton, with an average increase for all grades of 8.2%. Steel is the most important material we buy, but prices on other materials are also increasing.

### What about prices?

There has been no general increase in our prices since they were recommended by the Government in early 1942. Since then a few small increases have been allowed where particular machines were substantially changed in design.

### What about profits?

Risk is part of the American profit and loss system, so we do not, of course, ask either our customers or the Government to guarantee us that we can be certain of profits each year. The chart tells the story of our profits during the war. Although Harvester produced more goods than ever before, it had no desire to get rich out of war, so our rate of profit has steadily gone down. What our 1946 profit will be is extremely uncertain.

### What is the next step?

As you can see, our present situation is that with frozen prices and declining profits, we are being asked to pay higher materials costs and to make the biggest wage increase in the history of the Company. Can we do this?

Wages and materials consume all but a few cents of every dollar we take in. If our prices continue frozen, and cost of wages and

materials continues to rise, obviously our Company will begin to operate at a loss at some point.

The exact point at which operating at a loss would start is a matter of judgment. Government agencies and union leaders may have opinions as to where that point is. But if they turn out to be wrong, they can shrug their shoulders and say, "Well, wasn't my responsibility. I didn't make that decision."

The management of this Company cannot and will not say that. It does not gamble. It has to be sure. Continuation of our service to millions of customers, the future jobs of thousands of employees, and the safety of the investments of 30,000 stockholders depend on our making as correct a decision as is humanly possible.

### What about future prices on farm machinery?

The judgment of Harvester's management now is that we cannot safely make the huge wage increase recommended by the Government until the Government authorizes adequate increases in the price of farm machinery to cover the resulting increased costs.

That is not a judgment that makes us happy. The Company does not want to raise prices. We prefer to lower prices, when possible, and we know our customers prefer to have us do that. We have produced at 1942 prices, and hoped we could continue to do so. We have delayed seeking general price increases in the hope that it could be avoided. Now we are convinced that it cannot be avoided any longer. The price question must be settled. Until it is settled we do not see how we can settle the wage question. Until the wage question is settled we do not see how we can resume production, and begin turning out the farm machines which we know our farmer customers need.

Because of these matters to your attention. Through the cross currents of today's conditions, we are trying to chart a course that is fair to our employees, to our farmer customers, and to our stockholders.

## SOUTH BAY BEAN CITY LAKE HARBOR

G. H. "Hub" Bolton sold his restaurant at Lake Harbor to his sister, Mrs. W. R. Stanford, last week and left Friday for Dawson, Ga.

Mr. and Mrs. M. K. Wright of Ft. Lauderdale spent a two weeks vacation at their home in South Bay.

G. A. Rohm has the misfortune to be struck by an unidentified snake with red markings Sunday morning and is nursing a very sore finger.

Sue Ellen, small daughter of Mr. and Mrs. Ralph Stallion, is a patient at the Good Samaritan Hospital with pneumonia.

Mrs. C. Rutledge and Don Willis of Okeechobee visited their sister, Mrs. Forrest Norton Sunday. Mrs. Norton and her mother, Mrs. Mary Willis, accompanied them on their return for the night and returned to South Bay Monday afternoon.

Leland Keene has received word of the recent death of his aunt, Mrs. Pearl Keene Britt at Bowling.

Mrs. Vernon Best and three daughters, Helen, Augusta and Nancy of West Palm Beach, visited Mr. and Mrs. Edwin Best and family Sunday.

Mrs. Edward Cox and brother Ben spent the week end visiting at Tavernier, returning here Monday.

Mr. and Mrs. Russell Hutchinson and two sons of Perry-

opolis, Pennsylvania, visited Mr. and Mrs. W. N. Murphy, Mr. and Mrs. John Bryan, last week. The Hutchinsons are located temporarily at Ft. Lauderdale while devoting up to a permanent home in South Florida.

Rev. B. A. Oswald and bride of Bonifay, will spend a few days here this week visiting among the parishioners of the Baptist Church and will return on or about April 1 to assume the pastorate here. They will occupy the Willits apartment which has been leased as a parsonage.

Edwin Best is spending the week at Lakeport doing some painting and visiting his daughters, Mrs. B. S. Williams and Mrs. R. A. Robertson and families.

Mr. and Mrs. Edward Cox are moving to Delray Beach this week.

Sgt. S. A. Parkins of Ft. Mead, recently discharged from Army service, visited his brother, A. B. Perkins, son-in-law of Sidney Long of Kreamer Island, for two weeks, leaving last week for Cairo, Ga.

Miss Frances McAllister was complimented on her thirteenth birthday at a party given in her honor by her mother, Mrs. M. McAllister. Guests were entertained with games, ice cream and cake were served to Dorothy Strickland, Emma Jean Boatwright, Marlene Walker, Dorothy Yarborough, Jimmy and Delbert Hardy, Jo Ann, Lynn and Glynn Dasher, Alice Jean Ratley, Inez Register, Mickey and Richard Richard, Morris Martini, Mary Leila, Hodges, Jack Wilder, Eunice and Ulva McAllister.

F. W. "Dan" Mutchler had the misfortune to get his leg too near his electric saw Friday afternoon and cut a six inch gash in his right leg, severing the arteries. He was given first aid and had two clamps put on the arteries by Dr. W. J. White and had the limb dressed and taken care of at the Migratory Hospital. Twenty-eight stitches were taken to close the wound and the doctor stated that had he lost just a little more blood transfusion would have been necessary.

## Jamaicans Raise A Row

South Bay police were summoned to Okeelanta Friday morning to quell a disturbance caused when a truck load of Jamaican negro laborers refused to walk some 300 yards from the hard road to their work and threatened the white foreman on the job with violence. The heavy rain the night before had made the field too soft to hold up the loaded truck and the labor party had been unloaded as close as possible to the field. Chief of Police C. A. Payne, Policeman Bill Forkum of South Bay and Constable Ray Whitlock of Belle Glade responded to the call for help and placed two of the ringleaders under arrest. Two others regarded as ringleaders in the affair are still being sought and all four will be deported if found guilty, the Okeelanta Development Company spokesman said.

## Truck Crows Into Labor Group

A truck load of 25 negroes being transported to work down road 26 Monday morning was side-swiped by a semi-trailer truck owned by the Okeechobee Canning Company, forced off the highway and turned over. One negro woman suffered injuries requiring first aid at the Government Migratory Hospital to which she was taken by Chief of Police C. A. Payne of South Bay, who was summoned to the accident.

All evidence collected was turned over to State Highway Patrol "Bill" Kaufman, who was summoned to investigate the cause of the accident. It is understood that two persons occupied the cab of the truck causing the accident, a man and a woman and that the latter was driving at the time of the accident.

Later in the day a report was received that a red semi-trailer resembling the truck involved in the accident was found turned over miles down Road 26 and gave rise to the speculation that it was possibly the same vehicle.

Lions Addressed  
By Zone Leader  
Bob Johnson

Bob Johnson, zone chairman and also chairman of the West Palm Beach Lion Club Sight Conservation Committee, was the speaker before the Lions Club Wednesday and as he is

a very able orator, he brought an inspiring message to the local club.

He told the story of a dream which recently developed into something worthwhile, namely, the new Lions' Division for the Blind, at West Palm Beach, which on Tuesday broke ground

## Island Landscape Company

We wish to thank our many friends in the Glades for the business which they have given us in the past and for their understanding and helpful attitude toward us during the years while we were mainly engaged in the preparation and maintenance of Airfields for the Army and Navy.

Once again we are able to resume peacetime operations and offer you the same efficient and courteous service which it has been our endeavor to render in the past. The service we offer is complete, from landscape designing to a finished planting job. Our Nurseries are stocked with a wealth of lovely trees, shrubs, vines, potted plants, etc., awaiting your selection.

We invite you to stop in and visit us at any time and will appreciate your continued business.

E. TINSLEY HALTER, President.

NURSERIES: 1100 Southern Boulevard (Route No. 25 at City Limits), West Palm Beach, Florida.

## There's Still A . . . BIG JOB AHEAD

Before there will be telephones for all who want them

There is still a tremendous construction job ahead of us before we can furnish telephones to all who want them. New switchboards must be first manufactured and then installed in a great many cities and towns. At other places buildings must be constructed or enlarged to provide housing facilities for this new central office equipment before it can be installed.

We are well along with our three hundred million dollar expansion program to provide more and better service for the South. However, in some of the more congested communities considerably more time will be required to catch up on build orders for service. But we can say that we are on our way to furnish service to those who want it.

### Can't Secure House Numbers

Scout Master Frank Willer, of the local Boy Scout organization, states that the numbers for the house numbering in the city are still unobtainable in sufficient quantity to permit the troopers to do the placement. All plans for house numbering are ready for operation just as soon as the numbers are securable.

### It Rained And Rained

After those heavy rains of last week end, the High School campus looked like a miniature Lake Okechobee, a boat regatta could easily have been staged there. Many of the crop fields also had a similar appearance, as farmers will testify. Gauge records at the Experimental farm showed an aggregate of six inches of rainfall in 24 hours, and in some parts outside the station, even heavier rainfall was experienced.

### Pahokee Football Schedule

The renewal of football relations between the Golden Rams and the Pahokee Blue Devils, will be staged at Lair field, in Pahokee, on the evening of November 28th, according to Coaches Alley and Brown. Other games on the Pahokee schedule are given as follows: At home—October 4, Miami Tech.; October 25, Dania; November 8, Stuart; November 15, Lake Worth; November 22, Melbourne; Away from home games—September 28, Ponce de Leon at Miami; October 11, West Palm Beach; October 18, Delray; November 1, Ft. Pierce. The Blue Devils are now taking light spring workouts.

### Tick Conference Meeting

The officers of the Florida Livestock Commission, and the Florida Cattleman's Association, are to have a joint meeting at Okechobee, April 1, at which time they will give the "tick" situation in that county a complete investigation. Highlands, Glades, Polk and Okechobee are the counties in which tick quarantine are now in existence.

### Returns To N. Y. Home

M. R. Andrews, who has spent the winter months in Belle Glade, studying soils and packing house practices, left on Saturday for his home in Rock Tavern, Orange county, N. Y., very much pleased with his sojourn here. He plans to return here next season.

### Marion Kays Dies

Marion Reed Kays, former engineer, manager and secretary-treasurer of the Lake Worth Drainage District for many years, died recently in Atlanta, Ga., where he had been serving in the Federal Housing Administration. He held membership in the Masonic Lodge, Rotary and American Civil Engineering Society. Burial was made in West Palm Beach. Kays had an extensive acquaintance in all parts of Palm Beach county.

### Veteran Conked

Fait Allen, aged 29, returned war veteran, supposedly of Pahokee, was found in the Joop district of Chicago, Sunday, with a crushed skull and broken arm, apparently a holdup victim. Allen was taken over by police and placed in a hospital.

### Unite With Church

Rev. L. E. Endow, of the First Baptist Church, has received into church membership Mrs. Ray Lent, Ray Lent, Jr., and Joanne Lent, by letter; Walter Robertson, Wilbur Campbell and Don Crosby by profession of faith. Baptismal services are set for Sunday evening, March 24th.

### Darling Takes Over New Job

Frank Darling, who resides at Stuart, one of the state's leading conservationists, and who has a wide acquaintance in the Glades, has been made executive secretary of the Florida Wildlife League. His job will be a traveling one, and his duty is to weld all sporting groups of the state into one strong unit to battle for conservation rights, locally and in the State Legislature. Darling has been an association editor of the Stuart News.

### Local Lodge Announcements

Lake Okechobee Chapter of the DeMolay will have its regular bi-monthly session at the Masonic hall on Monday night, March 25.

Belle Glade Lodge No. 273, F. and A. M., will have work in the Entered Apprentice degree at its regular communication Tuesday night, March 26. Glades Lodge No. 36, I.O.O.F., has an important business session Thursday night, March 28, at which time arrangements will be made for another class of candidates for the Initiatory degree. A good attendance is urgently desired.

### Commissioners District Changed

It took two mandates from the courts of the county and state to get the Palm Beach County Board of Commissioners to act upon the re-districting of the commissioners' districts, according to a population set-up, and this they did at a recent meeting of the board.

By the action, Glades District No. 5 loses a portion of its territory to Commissioner Byrd's regime, in the south and west portions of the county. Glades delegation attempted to secure an additional commissioner for this section, but the appeal did not meet with the approval of the board, so the east territory still remains in the hands of representatives on the board.

Under the population division, the Glades district has its population representation cut from around 35,000 to about 27,000. All the four other districts had boundary lines changed, and population quotas increased, regardless of voting precinct lines so that divisions do come somewhere near an equal division as possible, as the law requires.

Under the new lineup, the southern sections of precincts 38 and 39 go to Byrd's district and we retain Canal Point, Pahokee, Jensen, Belle Glade and South Bay, with Lake Harbor going into the new district, as does Brown's Farm.

At the meeting Commissioner Paul Ransom stated, "Since the district must be cut, I am pleased to know that it goes into the district represented by Mr. Byrd. He has assured me and members of my district that he will work wholeheartedly and cooperatively for betterment of the road and bridge program in the Glades."

### Watching DDT Experiments

The experts at the Experimental Station, who are working out DDT experimentation on killing hyacinths, are much pleased with results so far. Some 36 spots have been selected where the spray has been spread in various types of application, and all have shown more or less potency, but several seem to be really going to town on this water pest. It is too early however, to predict the ultimate results. Drilling along the Palm Beach canal road one can see the progress made with the tests.

## Jerusalem Has Its Wailing Wall So Does Belle Glade!

We are sympathizing with ourselves these days, because we are wanting and waiting for merchandise supplies, just as we know you are.

OPA has things tied up with producers and jobbers tighter than a spider ties a fly or insect, and transportation of merchandise is near as dead as the fly.

We have a lot of desirable household furniture in our store, fit to grace any home, so why not drop in and see us in the Boree Block and inspect offerings. We will gladly welcome you on such a visit.

This week we have received a consignment of varied colored and designed Congoleum Rugs for house use, which are attractively priced.

A roll of blue-green Floor Covering, cut to desired width.

Some one is going to get a fine electric range, apartment size, three burner, all porcelain. It is a beauty and a size that will be appreciated by the purchaser.

### We Still Grow In Building Line

Just can't stop improvements in Belle Glade as new petitions for building permits stack up before the Commission each week meeting. The Commission has authorized the issuance of the following permits:

The City Ice & Fuel Company, for a \$50,000 building, 30 x 340 x 30 feet, which will house its new plant over in the packing house center. This estimate does not include vast equipment to be installed.

J. T. Houston, rental house, \$1000.00.

Leo J. Rader, additional house installations, \$1000.00.

Charles and Flora Sharp, a beauty shop building in the Rutledge addition, and a new home in Sunset addition, \$5000.

Glades Construction Company, 75 x 150 commercial building, Avenue E, \$4000.

### Cattle On The Increase

Red Mounts, county farm agent, is pleased over the progress being made in the county in the establishing of cattle ranches and the building up of breeded herds. He cites that there are now around 7000 head of cattle in the county ranches.

He also states that the present sugar cane crop is the largest in the history, and as much more could be raised, if there were available milling facilities. The U. S. Sugar Corporation is now milling double the amount of cane for which the big mill at Clewiston was built. More than a million pounds of sugar a day being produced and shipped to Savannah for refining.

### I. E. Hamilton Takes Over New Duty Assignment

I. E. "Ham" Hamilton, who has been Commercial Agent for the Florida East Coast Railway Company in the Glades for the past nine years, is taking over the Canal Point-Pahokee Freight and Express Agency. He is being relieved by Mr. Raymond L. Colquitt, who has been located in Bill Brunson's office in West Palm Beach for the past six years and prior to that past the year in the Freight Traffic Department office of the Railway in St. Augustine fifteen years.

Mr. Hamilton will continue to make his home in Belle Glade until after the close of the school year. That old bench up in front of Murphy's will be missing "Ham" and he will be missed as an arbitrator of some.

of the knotty debates and questions sprung by the old bunch. Mr. Hamilton has served the packers in the area with a very fine type of service, which they have appreciated, and express regret at his leaving the local service.

In speaking of his successor, Mr. Hamilton says, "In my opinion the Glades is fortunate in securing as capable a man to take over, as I know they are getting in Mr. Colquitt, a fine operator, for his long service in railroad work has been an excellent and efficient one."

### Investigate Taxi Needs

A year ago, there were four taxis in the city to handle the business. Today there are four white and ten colored shared conveyances in operation. The City Commission has on file applications for four more, one white and three colored. Commissioners were of the opinion that granting any more permits would be overloading the matter, so tabling all petitions to permit of an investigation of the situation.

### Former Chosen Woman Buried In West Palm Beach

The remains of Mrs. Dorothy Bowman Schlechter, who passed this life in Los Angeles, Calif., on March 7th, arrived in West Palm Beach, where funeral services were held at the Mizell funeral home, last Friday afternoon, in charge of Rev. I. E. Enlow of the First Baptist Church, followed by interment in Woodlawn cemetery.

The Schlechter family were among the pioneer people here, residing and farming over in the Chosen section, but left here in 1934 to make their home in California. Mrs. Fritz Stein, Mrs. Frank Simon and Walter Schlechter are surviving sisters and brother of the deceased. The pallbearers were: Messrs. Al and A. E. Kirchman, G. C. Howell, Arthur Zumpt, Harry Schug and Joe Cherry.

### Western Union Pays Extra Back Wages

The Western Union Telegraph Company has paid retroactive wages to its local employees, represented by the American Federation of Labor, and also by special decision of the company, to all employees not in collective bargaining units, up to January 1, 1946, according to C. D. Kirkland, local agent. To those employees not including those not now in the employ of the company, and those joining since the first of the year, have locally been paid the sum of \$932.10.

Throughout its system, the company has paid 60,000 employees the vast sum of thirty-one million of dollars.

### Will Go To His Ranch

John Harris (who owns some 23,000 acres of range land down in a corner of Collier, Broward and Hendry counties, where he runs a sizeable herd of cattle, is planning to spend most of the summer at his "hermit retreat," where he can loaf after his "critters" and enjoy the wide outdoors to his fill.

### Blackstone Repeats

The rodeo has come back into its full sport strength, for on Sunday, some 12,000 people gathered at the Kissimmee rodeo just outside that city, for an afternoon of pageantry and animal sport. Vic Blackstone, of Parrish, for the second year in succession, was crowned "Champion Florida Cowboy." He took first in broncho and calf roping and tying, second in bull dogging and bull riding. There were 70 contestants in the event, with riders from all over the country.

Mrs. Milton Douglas, one day last week, was a sorry woman and this is a heavy burden. She discovered that while coming down N. Main street, she had lost her handbag, which contained a considerable collection of money, mostly savings from her husband's war pay. Later, she was called into police headquarters and all her valuables restored to her intact. A man by the name of Steadman had found the bag on the highway just opposite the Bridge Cafe, it having been run over by cars. He at once took it to the police station, and there had it opened by the officers on duty. A card inside identified the owner.

### CHURCHES OF CHRIST

"MATTER," is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientists, throughout the world on Sunday, March 24.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thou shalt have no other gods before me. Thou shalt not make unto thee any graven image, or likeness of any thing that is in heaven above, or that is in the earth beneath, or that is in the water under the earth: Thou shalt not bow down to them, nor serve them" (Ex. 20:3-5).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Matter is an error of statement. This error in the premise leads to errors in the conclusion in every statement into which it enters. Nothing we can say or believe regarding matter is immortal, for matter is temporal and is therefore a mortal phenomenon, a human concept, sometimes beautiful, always erroneous" (p. 277:26-32).

We're Not

RESTING ON OUR OARS

It is related that Napoleon, having read a glowing account from one of his generals telling of a great victory, wrote across the face of the report this question: "What did you do the next day?" which is another way of saying that the grist from today's mill will not suffice for tomorrow's needs.

The Seaboard Air Line Railway, along with other American railroads, has been credited with magnificent performance in the recent World War. But that record is now history. This is the "next day" and we are confronted with new opportunities and new responsibilities.

In order to provide our patrons with the finest in transportation, the Seaboard Air Line Railway is intensifying its modernization program, and very soon you will see gliding over Seaboard rails new streamlined trains with ultra-modern coaches and bigger and better motive power. These and other refinements will combine to make Seaboard

travel the safest, most comfortable and most luxurious ever enjoyed.

Equally great improvements are in prospect for our freight service. Modern equipment, including more powerful and more efficient locomotives, will carry more freight on faster schedules, for the better service of the public.

Rome was not built in a day, and it takes time to build great locomotives, new cars and other things required in our improvement program. The Seaboard Air Line Railway, however, is known for its pioneering in such matters as air-conditioning, streamlined trains, diesel-electric motive power, etc., and you can count on us to continue "out in front" in the interests of our patrons and friends.

Watch for future advertisements in this series in which we will discuss other subjects of mutual interest to your business and ours.

### OBSERVATIONS

but needs to get the throwing distance from home to first down a bit better. The need of a ball diamond at the Athletic field is apparent and no doubt will be provided for next season's play.

With the auto strike at Detroit settled, and the steel boys likely to follow suit, report comes from Detroit of the resumption of auto production in the numerous plants in that area. However, do their best the manufacturers will be unable to turn out more than three million units. With an eager, hungry buying public ready to grab up all offerings, just so it's a new car, this supply will be a drop in the bucket in the ten million units demanded and wanted.

The way to hunt trouble is to go out and seek it, and a trouble maker is usually accommodated. We Americans are too cocky and mouthy on things

that are none of our business. If we want war with Russia, a sure way to get it is for public men, newspaper, magazine writers and commentators to keep up the present volume of "jingo" talk against the Stalin regime. We wager that one wise Uncle Joe knows what he is doing better than we outsiders, and until pressure comes too hard on our toes, we should keep our criticizing mouths shut. It's time to fight, if and when we need to do so, but let's not be contributors to bring about any such melees.

Once in awhile a good idea and movement comes out of neighboring city of Pahokee, and they have one now working which should pay off big. That is to have a central information bureau, where strangers can secure information that they may desire or be directed to desired routes of destination. Belle Glade is growing with such leaps and bounds and has so many visitors coming here, that such a bureau would pay out here. The City Commission could afford to appoint and pay an "Official Greeter," who could supply all data desired, in addition to showing people over our industrial section, farms and places of interest. This greeter could be a man of education, ability to speak as the city's representative at group meetings and functions. Think it over, city fathers.

Coach McChesney, of the University of Miami, speaking at the recent football banquet, spoke interestingly of the history of the University, bringing it to the attention of 100 men, that South Florida has a co-educational institution of learning equal to any and larger than many of the famed schools of the southland. Started 20 years ago, with around 200 students, it has grown in enrollment to over the 3600 mark, now exceeding that of the University at Gainesville. While over these years it has had only the main administration building, improvements are to be made, for within the next few years, modern, mammoth buildings will be dotting the 200 acre campus, which will cost into the millions. New courses are being added each year and the school is now on the accredited university list. He predicted a great future for the school, and urged south Florida young people to make close investigation of other schools before passing by their opportunity at the Miami school. It is convenient to home, too.

Seated in the theater, everything was as quiet as the night before Christmas, and there was an exciting finale approaching, when all of a sudden there was a loud crash of glass falling and breaking on the auditorium floor. No, it was not a liquor container, as many surmised, but simply a feeding bottle filled with milk, which had been increased from 93,000 to brought by the mother to feed the baby, if it got restless. Daddy let the blasted thing slip from his lap.

Beans up in the north mean something for the cooking pot, while down here it has a more potent meaning. Beans here mean money in the pocket of growers, packers and laborers. When the expression is used,

the bean loss is medium or heavy, it transfers itself into the meaning of the dollars. Farmers like to see rains come, but not in torrential downpours as came last week. What they most desire is just enough moisture to mature crops, although there have been crops raised even without rain.

Back in 1944 the General Conference of the Methodist Church planned for a forward church movement program to be known as "The Crusade for

Christ," which did not get into action until early in 1945. Report is that the first phase of the movement, the financial, has been completed and the 25 million goal has been met, with an over subscription of some three million still being collected. This money is being used in a programmed manner, for church building, church renovations, restoring former unused church property, aiding colleges, hospitals, ministerial funds, missionary work and is reported as being the largest sum ever

collected by any Protestant denomination. Bible schools have grown 151,400.

# LET'S WORK FOR INDUSTRIAL PEACE

Men want to work.

Management wants to produce.

The public wants to buy.

The country wants prosperity.

Yet good times have been held up by an agony of strikes.

Strikes breed bitterness... hunger... and economic stagnation.

For the sake of our country, let's change this! Change it fast. Time is running out!

Let's work out a way to get — and keep — industrial peace and prosperity.

### THE FIRST STEP

Isn't a sound national labor policy... one that treats workers and management exactly alike and above all one that is fair to the public... the first step toward that peace?

Sincerely believing this to be so, we offer this program for peace and production and prosperity:

1. Make employers and unions equal in responsibility under the law,

2. Let Congress set the rules for genuine collective bargaining, free from coercion and violence, and then let government enforce these rules with strict impartiality,

3. Provide safeguards for the public against strikes or boycotts arising from disputes between unions.

4. Insure against strikes until all orderly procedures for settling disputes have been exhausted.

Your representatives in Congress have the power to establish this pattern for an enduring and a fair labor peace. Let them know how you feel about it. Urge them to act promptly on legislation to include these four points.

Time alone won't bring industrial peace. Doing nothing won't bring it. Positive action is the only way. For your own sake and for the future of our country, let your voice be heard!

**FREE!** A timely, authoritative booklet entitled "The Public and Industrial Peace," gives full details of this program, including specific suggestions for legislation. It is a useful handbook for every citizen, program chairman, or group leader. A postcard brings it. Address: National Association of Manufacturers, 14 West 49th Street, New York 20, N. Y.
